THE 5 CHECKS

1

Google Business Profile — Set Up & Verified

Your Google Business Profile is fully completed, verified, and the name, address, and phone match your website exactly. Categories, hours, and services are filled in.

TIP: Quick fix: Search your business on Google Maps and claim/verify if not done.

2

Homepage — Clear Trade & Service Area in 5 Seconds

A visitor can immediately read what trade you do and which suburbs you cover. Your phone number is visible above the fold without scrolling.

TICK IF
DONE

TIP: Quick fix: Add "[Trade] serving [Suburb] & surrounds" to your H1 heading.

3

Mobile Speed — Passes Google's Core Web Vitals

Your site loads in under 3 seconds on mobile. Images are compressed (under 200KB each) and there are no render-blocking scripts.

DONE

TIP: Quick fix: Run your URL through PageSpeed Insights (free) to get a score.

4

Local Keywords — Terms Customers Actually Search

Pages include phrases like "[trade] [suburb]" in headings, title tags, and body text. You're targeting the exact words your customers type into Google.

TICK IF
DONE

TIP: Quick fix: Include your suburb name in the page title and first paragraph.

5

Easy Contact — Phone, Form & Call-to-Action

Every page has a clear CTA (Call Now / Get a Quote). Your contact form is short (3–4 fields max) and the phone number is a tap-to-call link on mobile.

TICK IF
DONE

TIP: Quick fix: Put a phone number in the header so it's visible on every page.

Your Score: **5/5** — Great work! Share it on Google. **3–4/5** — Nearly there. Fix the gaps above. **0–2/5** — Urgent — book your free review now.
